The theme of the 2025 American Humanist Association's Annual Conference in Chicago is "Humanists Move America."

We're reclaiming the humanist movement's heritage as the birthplace of America's best ideas. From secular public schools to reproductive rights to popular science and the March on Washington, humanists have always pushed the boundaries of the possible and boldly proposed ideas that moved America forward - more open, more innovative, and more humane.

Attend this conference to connect with fellow humanists who are making an impact in their communities and beyond and to hear speakers and engage in conversations that will equip you with the knowledge to advocate for change.

For details and to register, go to www.conference.americanhumanist.org.
