Maggie Ardiente, President of Humanist International

Maggie Ardiente is the newly elected President of Humanists International, bringing decades of leadership, fundraising, and advocacy experience to the role. A Filipino American humanist, she previously served as Director of Development and Communications at the American Humanist Association, where she spearheaded campaigns that significantly expanded organizational capacity and co-launched the influential Freedom of Thought Report. Ardiente has also served as Board President of the Secular Coalition for America and is a graduate and former board member of The Humanist Institute. Known for her passion, vision and global perspective, she is committed to strengthening humanism worldwide.

Humanists International is the global representative body at the heart of the humanist movement supporting democracy, human rights, and the rule of law.

Inspired by humanist values, we are optimistic for a world where everyone can have a dignified and fulfilling life. We build, support and represent the global humanist movement and work to champion human rights and secularism.

We campaign on humanist issues. We defend humanists at risk of persecution and violence. We lobby for humanist values at international institutions, including the United Nations.
