ABOUT THE INTERNATIONAL HUMANIST AND ETHICAL UNION (IHEU)

IHEU is the global representative body of the humanist movement, uniting a diversity of non-religious organizations and individuals. Founded in Amsterdam in 1952, our vision is a Humanist world; a world in which human rights are respected and everyone is able to live a life of dignity. We work to build and represent the global Humanist movement that defends human rights and promotes Humanist values world-wide.

Headquartered in London, United Kingdom, IHEU is an international non-governmental organisation (NGO) with representation on various United Nations committees and other international bodies. We seek to influence international policy through representation and information, to build the humanist network, and let the world know about the worldview of Humanism.

IHEU has over 113 member organizations around the world, including the American Humanist Association in Washington, DC. IHEU is a 501c3 nonprofit organization. Donations to IHEU are tax deductible to the fullest extent of the law.
