We Can Use Some Help

The Humanist Community needs someone to keep our membership database up to date on Neon.

The Program Committee needs members to provide guidance and help recruit speakers for our Sunday forum.

Scott Wakefield has taken on the task of overseeing our facebook page. Thank you Scott!

For the People

The **For the People** Act is a massive voter integrity and ethics bill that was passed by the House.

The bill will make it easier to register and to vote, and will stop baseless culling of the registry. It requires full disclosure of the source of campaign money and establishes an alternative campaign funding system. It requires states to establish independent commissions to carry out congressional redistricting. And, it sets forth provisions to ensure election security.

The turn-out in the last presidential election was high because people knew it was important and because many mail-in ballots were sent out so that people could avoid gatherings that spread the COVID virus. Responsible parties have concluded that the election was conducted fairly and the count was accurate. Yet, many states are passing voter suppression laws in response to unsupported claims that the election was stolen.

The For the People Act will prevent these threats to democracy and address other threats to our democracy. I urge you to read the act, talk to your friends about it, and tell our senators that it must be passed.
