A Monthly Donation!**

**Our illustrated newsletter Calendar
is on page 2 of this newsletter.**

Officers of the Humanist Community board chosen on March 18.

Scott Wakefield accepted the position of President. Since rejoining the Community, six years ago Scott has taken an active role as our software nerd, maintaining the web page and overseeing the various programs used to keep the Community running smoothly.

Carl Angotti has been Treasurer since 2022 while he maintained his own business and was a board member of other technical organizations. He's added Vice President to his many other tasks.

Dana St. George is Recorder. She is always there when a need arises and has been on the board since 2021.

Marie Stephens and Paul Gilbert have been members as well as officers of the board during their long commitment to the Community.

Though small, the new board is hard working and dedicated to the Humanist Community.

Science is Inspiring!

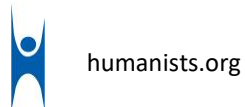

Over 40 years Voyager 1 (and its sister Voyager 2) was launched to explore Jupiter and Saturn. It completed its mission and continued to send back scientific data after crossing the heliopause into interstellar space.

Tragically it stopped sending usable data last November, but by heroic efforts, NASA engineers were able to analyze the problem and fix it. An object 22.5 light-hours away is again sending scientific data back to Earth.

Humanist Forums

Forums are held 1st and 3rd Sundays at 11:00AM at the Mountain View Senior Center at 266 Escuela Avenue, other forum locations either online or TBD. All forums are still simultaneously available on Zoom.

You can get the Zoom location from meetup.com/humanistcommunity.

"Do something today that your future self will be glad you did."

Paraphrasing Sean Patrick Flanery

"If there is no god- and there isn't - then we made up morality. And I'm very impressed."

Jacquelyn M. Hechlt
